February 16, 1973

into the area of taxes in a tax exemption, with the registration.

SENATOR STROMER: They would still be paying the taxes as any-body else?

SENATOR MAHONEY: That's right, they would be paying the taxes on the car.

SPEAKER: Now, any further discussion? Senator Whitney.

SENATOR WHITNEY: Mr. President, they would not be paying the license fee, which to me is the same thing as a tax.

SPEAKER: Go ahead Senator Mahoney.

SENATOR MAHONEY: You're talking about, Senator Whitney, the registration fee, license fee, well there is two separate taxes, when I go down to my court house, I pay \$67.50 taxes on a 1969 Chevrolet or whatever it might be, and I also pay \$15.00 for registration, and then I also pay in the city of Omaha, we have an extra added little tax that you don't have and that's called the wheel tax, but, our registra-, this would only take care of registration. It would not be taxes on the car Senator Whitney.

SENATOR WHITNEY: Yes.

SPEAKER: Well we are still on the Whitney amendment, is there any further discussion of the Whitney amendment? Pardon me, No the Mahoney amendment has been adopted. We have the Mahoney amendment amended your amendment, I believe, Assistant Clerk isn't that correct, is that clarified? Mahoney amendment to your amendment has been adopted, it is now your amendment Senator Whitney, we are discussing -

SENATOR WHITNEY: Mr. President, was that adopted earlier?

SPEAKER: That was adopted the other day, yes sir.

SENATOR WHITNEY: Oh.

ASSISTANT CLERK: Adopted on February 9th.

SENATOR WHITNEY: I will want to have my amendment passed, then, I'd felt that if we knocked off the fifty dollars that that was enough, but I'm willing to knock off the extra fifteen or twenty dollars what ever it happens to be, and if this person owns a whole fleet of automobiles, then, maybe we ought to amend it on, like filed so it only pertains to one automobile, but I want my amendment accepted. The thing that this would do now, that the license plate would have a wheel chair design on it, and it would be issued to anybody in a wheel chair, that's my understanding, at least to paraplegic's, I think anybody in a wheel chair, at no cost, we wouldn't charge them anything for the fee, license fee, we wouldn't charge them anything for stylizing the license plate.

SPEAKER: Alright, now, that's the amendment, now Sentor Stahmer do you want to speak on that amendment. Alright, now is there any further discussion of the Whitney amendment as he just explained it, all those in favor of that amendment vote aye, all those opposed vote no. You are now voting on the Whitney amendment to LB 176. Have you all voted? This is the Whitney amendment to LB 176. That's simple majority, that's right. The Clerk will record.

CLERK: 23 ayes, 3 nays, 23 not voting.

SPEAKER: Okay, the Whitney amendment is adopted. Now Senator Keyes we are back to you with the bill as amended.
